CHAIRMAN'S LETTER

Dear Shareholders,

It is a pleasure to share with you the progress and prospects of your Company, I am happy to report that Year 2013-14 was a landmark year for your Company. The company achieved highest Turnover, Operating and Net profits. The company achieved a 9.5 % increase in Sales. The EBIDTA also increased to 94.27 Crores from 87.53 Crores in the previous year. Net Profits have more than doubled and stood at 34.78 Crores compared to 14.14 Crores last year. Focus on stringent quality controls has resulted in company having strong presence in global markets with 68% revenue coming from Exports. The company is exporting to over 50 countries across all continents. Continuous diversification and value addition, better realization due to favorable exchange rates, stricter control on working capital, saving in power cost were main drivers for good performance in 2013-14. I am pleased to inform that Board of Directors have recommended the maiden dividend of Rs 0.75 per Equity Share. In recommending dividend, the Board has strived to strike balance between need to reward shareholders and conserving funds for deployment in expansion project.

The year 2013-14 was a difficult year from point of view of India's Economy. GDP was below 5%, inflation though moderated but was still higher and there was near negative growth of industrial production. Besides this there were numerous challenges in the global economic front also. Despite these challenges the Cotton Yarn Industry saw production growth of about 10% and Export growth of about 32 %. Given India's large demographics, we firmly believe that the decade ahead will have even

better prospects for the Indian Textile Industry and it is set for strong growth, buoyed by both rising domestic consumption as well as export demand. Abundant availability of raw materials and skilled workforce, uncertainties & rising costs in competing neighboring Countries augurs well for India becoming a Global sourcing hub. Looking to the potential of development of Textile Industry, the Government of India has extended TUF Scheme for next Plan period and the State Governments including Rajasthan have also launched special schemes to promote investment in Textiles.

Looking to the potential of Cotton Textile Industry and to achieve benefits of scale of economies, the company has undertaken an ambitious expansion programme to increase its Spinning and Knitting capacities on the existing location. This involves installation of 72480 Spindles and 18 knitting Machines with Capital Expenditure of Rs 286 crores to be financed by Term loans and internal accruals. The Company will be able to utilize existing resources optimally after enhancing the capacities and will be able to offer broader and diversified range of Cotton Yarn and Knitted Fabrics to the customers and enhance market share.

Your Company remains committed to providing quality products, exemplary customer service, achieving business objectives with social responsibility and enhancing stakeholder value. We remain cautiously optimistic on delivering results with improved returns on capital employed. Good Governance has always been a part of our business philosophy and will continue to be so as we move into the future. Your Directors firmly believe in acting with integrity and upholding the highest standard of Corporate Governance.

I would like to thank all our colleagues for their hard work and valued contribution during 2013-14. Together we have much to look forward to as we strive to make our Company even stronger and continue to focus on delivering for our customers. I also thank all our customers, suppliers, bankers, investors for their support and last but not the least, all our employees for their hard and sincere work.

With best wishes

R.L.NOLKHA

MANAGEMENT DISCUSSIONS & ANALYSIS

INDUSTRY OUTLOOK

The Growth in GDP of our country during the year 2013-14 is pegged at 4.90% as compared to the Growth rate of 4.50% in the year 2012-13 indicating that slowdown in our country has bottomed out. The Textile Sector comprising Cotton, Man-made Fibers, Jute, Sericulture & Silk Wool, Handlooms and handicrafts play a key role in the Indian economy by way of significant contribution to GDP, manufacturing output, employment generation and export earnings. The Cotton Textile sector continued to be largest sector with around 75% share of the total Indian Textile sector.

In the diverse economic and manufacturing activities of India, cotton growing, processing and trading occupy a predominant position and act as one of the strong competitive base for textile and clothing production. India is one of the largest producers and exporters of cotton and an influencing player in global cotton economy. A significant amount of cotton was being imported for spinning industry till 2004-05, a year later, India became a net exporter in cotton and holds this position till now after meeting the domestic requirement. India has occupied the 2nd slot in world's cotton production, consumption and export. In the current season 2013-14 cotton crop is estimated at 375 lacs bales against 340 lacs bales during previous season. The Cotton Textile Industry performed well during the current year and production of Cotton Yarn in our country has increased by about 10% and Exports nearly 32%. The cotton prices remained stable during the year under review. Stable Cotton price, consistent demand of Cotton Yarn from Domestic as well as International Markets and favorable foreign exchange rates have resulted into a landmark year for the Cotton Spinning Industry and your company has also witnessed phenomenal growth in operating and cash margins.

OPPORTUNITIES AND THREATS

As per Ministry of Textiles annual production of textile goods is expected to increase to USD 220 billion by 2020 from current level of USD 90 billion and China has about 33% share in global textile market. India's share is just 4.5% where as China is diverting its focus to other sectors and this is an opportunity for

Indian Textile Industry. The Central as well as State Governments are extending their support in terms of continuation of TUF Scheme by the Government of India & Customized package for Textile Sector has been given by the Government of Rajasthan. Recognizing that and to capitalize on this opportunity, your Company has undertaken major capacity expansion plan at an estimated project cost of Rs. 286 Crores to nearly double its Ring Spinning and Knitted Fabric production capacity. The commercial production of expanded capacity is expected to be commenced by the end of this financial year. Your company also gives focus on R & D to maintain Quality standards and optimize its production cost and overall efficiency.

The threats to the Company's product includes severe competition both in domestic and international markets leading to pricing pressures of finished goods, inflation, foreign exchange fluctuation, volatility in input cost, cotton crop, interest rates etc. Government Policies also play major role in the growth of the Industry.
